Identification Information • Fast Moving Parts

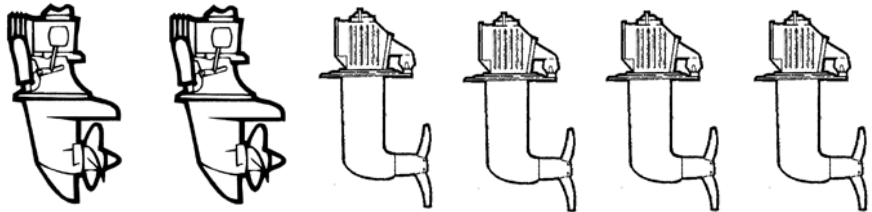

Identification Information

- In order to accurately identify parts for your Volvo outdrive, the model number is required
- Additional information such as serial number, year and horsepower are helpful when identifying parts
- Model and serial number information can be found on an identification plate on the drive just above the u-joint, such as the one below

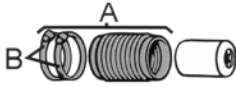

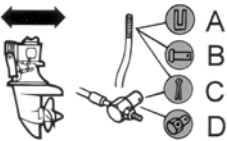

- 1) Production designation
- 2) Model Number
- 3) Serial Number
- 4) Reduction Ratio
